### Ten Mile River Scout Museum to host live local webinars discussing the history of Rock Lake and an introduction to mushrooms

**New York (May 13, 2021)** -- Last summer through the fall in response to programming needs, as traditional activities were shuttered due to COVID-19 the [Ten Mile River Scout Museum](#) (the Museum) created a series of webinars. Based on the overwhelming success the Museum had continued this program. Prior attendees came from scouts and scouters registered in Greater New York Councils, residents of the area surrounding the Museum and many U.S. states, including California, Florida, Louisiana, Pennsylvania and Texas.

Museum Chairman Michael Drilinger will moderate. A question and answer session will be held. All will be available on the Museum's [YouTube channel](#).

### Upcoming webinars

- Thurs., May 27, 7 p.m. Eastern: TMR Museum Talk, "A History of Rock Lake" Once known as Canfield Pond, Rock Lake has featured in the memories of hundreds of thousands of Boy Scouts since the founding of Camp Brooklyn in 1928. This history of Rock Lake will look millions of years into the past to uncover the origin of the rocks that give Rock Lake its name, to the Native Americans who hunted in the area and established a shelter above the lake, and finally to the scouts who swam and paddled the lake. Scouts learned the song that begins: "Round the shores of dear old Rock Lake Camps encircling lie, Nestled close to Wooded hillsides Charming every eye."
