Ten Mile River Rally pocket
patch

In May of 1986, G.N.Y.C. sponsored the TMR Rally for Junior Leaders. Overnight facilities, most meals and a closing show were provided at Camp Keowa. Different activity areas were established all over the reservation and transportation was provided by the camp bus. The Rally was repeated again in 1988.

Project Leaf

The Project LEAF program was designed for the new Scout who just crossed over from Cub Scouting or the 11 year old who was coming to camp for the first time and was not yet First Class. It was designed to complete most of the requirements for Tenderfoot and Second Class and many of the requirements for First Class, but to the extent possible, was tailored to fit the needs of the individual unit and patrol. The program was meant to be the transitional program to help youth understand the patrol method, learn basic scout skills, and experience the many other programs of summer camp. Project LEAF was offered at all of the TMR operating camps.

A Student of my Faith

The award was created to encourage scouts to be reverent. It could be earned in one week and be a stepping stone to the religious medal of their faith.

Baden-Powell Patrol Award

A TMR program. Each day a camp commissioner would come around to inspect patrol campsite areas and if the patrol earned enough points at the end of the week at the closing campfire they were awarded this to put on their bulletin board or patrol box. Bigger than a patch.

Greater New York Councils Camping Award

Requirements: Two Troop/District overnight camping trips or four day hikes, a District Camporee or Troop camping trip under canvas, and a week or more at summer camp under own leadership. There were specific requirements for each quarter of the year. Scouts received the patch and the Troop earned the frying pan award.

1960 Overprint Series made from 1959 Exposition neckerchiefs

In 1959 a large Scouting Exposition was held by Greater New York Councils. Among the items for resale were tan neckerchiefs and pink and white ladies scarfs and white tee shirts. At the end of the season, there were a large number of the neckerchiefs left in inventory. Realizing dated neckerchiefs would not be a popular sales item a year later, an idea was developed to silkscreen black circles over all the neckerchiefs obscuring the event and date. Once dry they were apporioned to the various 11 operating camps on the TMR Scout Reservation with a white stencil of the name of that camp over the black circle. Shown are 10 of the 11 known neckerchiefs and it is reasonable to assume there is also a Davis Lake which we did not have an image of. It is unlikely there was a Headquarters overprint since the old HQ did not have a large Main Trading Post like the new Headquarters and therefore was rarely, if ever, a destination for hiking troops to visit. There would have only been staff at HQ who had their own unique staff neckerchiefs and no scouts so no purpose to have such a neckerchief. To see the original Exposition items please refer in the Guide to 1959.

Junior Leader Training Neckerchiefs

Junior Leader training has a long history at TMR. The Junior Leader Training Conference is an outdoor experience for youth leaders in support of the Scoutmaster's responsibility for the training of his troop's leaders, based on a National BSA outline. The conference includes instruction in Scoutcraft skills, the eleven skills of leadership, and the opportunity to interact with other junior leaders.

When the Tower of Friendship Jacket patches were ordered the person doing the ordering forgot to tell the manufacturer what order the center stones were meant to be in. The manufacturer was not going to wait to complete the order and get these off his machine so he made 1/3 of them from top to bottom- gray-blue-green stones blue-green-gray stones, green-gray-blue stones. There is no meaning to the order of these stones on these patches and each had an equal number made and are of equal value. A few outliers have been found: Blue-gray-green, Gray-blue-gray, Green-blue-green.

TMR - Related Organizations

Brooklyn/TMR Arrowhead

In 1963 a group of Shu-Shu-Gah Lodge friends, most also in the APO fraternity at Brooklyn College organized a small reunion group which was aptly called, BROOKLYN OLDTIMERS REUNION GROUP, later renamed by Morty Fink BROOKLYN ARROWHEAD ALUMNI GROUP and more recently incorporating people from the other boroughs it became the TMR ARROWHEAD ALUMNI GROUP. The group meets annually for a weekend at TMR, in Manhattan for an April Dinner and In Florida in late January or early February. There are close to 200 members.

Jack Kohler - Suanhacky Campership Association

The Jack Kohler-Suanhacky Campership Association was formed in 1986 by a group of close friends of long time Scouter, Jack Kohler, in his memory. Its purpose is to raise money for Camperships to send needy Scouts to summer camp.

Ranachqua Foundation

Motivated by a love of Scouting and an appreciation of the part the summer camping program played in building the character of our founders, who were Bronx Boy Scouts in the 1920's and 1930's, and of all scouts who followed, the members of the Ranachqua Foundation have raised funds for Bronx camperships on a voluntary basis since 1948, and for merit-based college assistance grants for graduating Bronx scouts since 2000.

The Foundation welcomes new members and donors. For information about our history, programs and fundraisers, please visit our website at www.ranachquafoundation.org.

GNYC Shooting Sports Committee

Shooting Sports Weekends - Coins

The GNYC Shooting Sports Committee was formed in 2008 with the primary goal of encourage shooting sports activities outside of summer camp. The Committee sponsored the first Firearms Instructor Training Weekend at TMR in April of 2008. The Committee then organized the first Shooting Sports Weekend in April of 2009. Approximately 150 scouts and scouters attended. In recent years, the Committee organized three SSW weekends each spring with a total of approximately 1,200 in attendance.

The Committee continues to conduct Firearms Instructor Training Weekends each year. Funds raised from the sale of Shooting Sports memorabilia has allowed the committee to purchase all of the firearms currently in use at TMR.

Ten Mile River Alumni Association

The modern Association was organized in the late 1990s. Cedric Bodley attempted to re-organize it following a very successful Alumni Weekend in 2002 celebrating the 75th anniversary of TMR. Cedric was succeeded by John Restrepo who resurrected the Alumni Association. Most recently, circa 2016 Johannes Knoops took on the Mantle and orchestrated a very successful 90th Anniversary in 2017. Today the Alumni Association plans the Alumni Reunion weekends each year at TMR.

Year?

Wilderness Engineering Society/Hernia Patrol

Each year, volunteers from all over NYC Scouting that had some amount of talent or expertise in carpentry would come up to Camp, usually on a weekend in June, to help build picnic tables, tent platforms, repair shingles on roofs, repair and float docks at the lakes and other maintenance to get TMR ready for summer opening. Somewhere along the way, someone named it the “Hernia Patrol” as they carried their heavy tables and platforms to their destinations. They changed their name to the Wilderness Engineering Society at one point and more recently have called the weekend, usually the first one in June “Saws and Hammers Day.”

Ten Mile River Historical Trails Award
1988 Award

The Ten Mile River Historical Trails award was created by Frank Rickenbaugh and Ed Winters in 1988. According to the original requirements, participants had to complete the hiking requirement and visit various historical landmarks at TMR and in the Upper Delaware River Valley.

Medals

MOTMRI-72-1988
1988: 1st. Trail Medal (antique brass) and
14-mi., 30 mi. and 50 mi. devices.

MOTMRI-73-Undated
2nd Trail Medal- (bright gold tone). It is not
known if this medal was actually made for issue
or was just a prototype.

2018 Award

Starting in 2018, the Ten Mile River Scout Museum has sponsored the Ten Mile River Historical Trails Award for registered Troops, Packs, Venture Crews and qualified non-scouting groups hiking the TMR trails. Hikers satisfying trail requirements can earn a beautiful patch and medal with pins for miles hiked. The trail work service pin can be earned for qualified trail work projects.

Medals
