Camp Chappegat

Camp Chappegat closed after 1965 as a camp unto itself. However, in subsequent years it was used for Aquatics Camp, JLTC training, Camp Provisional Camping, Private Provisional Camping. In the mid-1970's Marty Levine was given permission to run a quasi-independent camp program, being given all of Chappegat for his "private provisional" unit under the Troop 521 banner. In 1978, Dr. Gene Berman joined the group with his Troop 109 unit. Dr. David Lelonek succeeded Marty as head of Chappegat and for 10 years this provisional, "by invitation unit," under the banner of 521, (later changed to 721) and Troop 109 ran Chappegat in an independent manner although still part of Camp Kunatah. The slides shown were produced by this unit in the 1970's and 80's for the Chappegat staff.
